Woodbury, NY 11797**

IEEE is the world's largest professional association dedicated to advancing technological innovation and excellence for the benefit of humanity. With 2,000 engineering professionals, the IEEE Long Island Section is the largest Engineering Society on Long Island.

IEEE members from a broad range of industries work tirelessly to further the advancement of technology, making Long Island a center of innovation. The 2017 IEEE Long Island Section Annual Awards Banquet will recognize outstanding Long Islanders, who have made significant engineering contributions at the Section or the Region 1 of the IEEE (Northeastern USA) levels.

The IEEE Long Island Section is proud of its collaboration and partnership with many premier companies, organizations and educational institutions on Long Island, many of which participate in this grand affair each year.

The Awards Banquet is a unique opportunity for businesses and organizations to showcase their local presence and show their support for our awardees, the best and brightest in the industry.

We graciously ask that you consider becoming a Supporter for our Annual Awards Banquet event by selecting one of the packages from the attached sponsorship options listed in this brochure.

We also ask you to please join us at the 2017 IEEE Long Island Section Awards Banquet recognizing the achievements of the following members and their contributions to their profession and the IEEE Long Island Section:
